International Journal of Sport Studies

The *International Journal of Sport Studies (IJSS)* (ISSN 2251-7502) is an open access journal that publishes high-quality solicited and unsolicited articles, in English, in all areas of sport. The aim of *IJSS* is to publish articles in: sport nutrition, sport medicine, sport teaching, sport physiology, sport and social sciences, sport management, sport psychology and all sub-disciplines of the sport sciences, in the temperate regions of the world. All articles published in *IJSS* will be peer-reviewed.

*International Journal of Sport Studies (IJSS)* will be published quarterly per year by [Electronic Center for International Scientific Information](https://www.econstor.eu).

Types of paper

**Regular Articles:** These should describe new and carefully confirmed findings, and experimental procedures should be given in sufficient details for others to verify the work. The length of a full paper should be the minimum required to describe and interpret the work clearly.

**Short Communications:** A Short Communication is suitable for recording the results of complete small investigations or giving details of new models or hypotheses, innovative methods, techniques or apparatus. The style of main sections need not conform to that of full-length papers. Short communications are 2 to 4 printed pages (about 6 to 12 manuscript pages) in length.

**Reviews:** Submissions of reviews and perspectives covering topics of current interest are welcome and encouraged. Reviews should be concise and no longer than 4-6 printed pages (about 12 to 18 manuscript pages). Reviews manuscripts are also peer-reviewed.
